

# Field Map Examples:

We digitize every field, so it's important that field maps contain adequate detail:

**This map is problematic:**

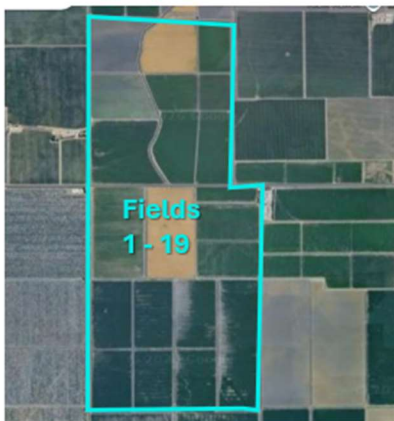

- ✗ Where in CA are these fields located?
- ✗ Needs a road intersection
- ✗ Needs a nearby town name
- ✗ Needs a property name

**This map is good:**

- ✓ Field names
- ✓ Town name
- ✓ Road intersection
- ✓ Field are labeled
- ✓ Property name

**This map is problematic:**

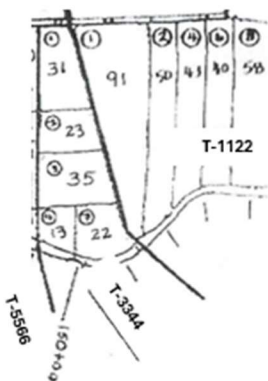

- ✗ Each field must be labeled
- ✗ Needs location details
- ✗ Needs a property name

**This map is good:**

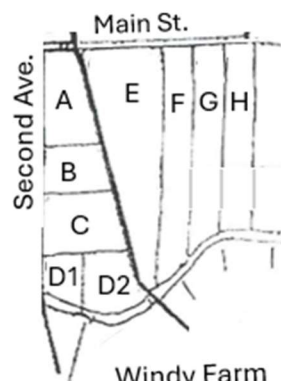

- ✓ Field names
- ✓ Town name
- ✓ Road intersection
- ✓ Field are labeled
- ✓ Property name

**This map is problematic:**

- ✗ Difficult to read this map
- ✗ What are all these numbers (acres? field names?)
- ✗ Cannot read the circled items
- ✗ No location details
- ✗ No property name

**This map is good:**

- ✓ Field names are clearly marked
- ✓ Town name
- ✓ Road intersection
- ✓ Property name
